Re: Follow up to General Notice/Request for Information Pursuant to Section 104 of  
CERCLA for Chemical Recovery Systems, Inc., 142 Locust Street, Elyria, Ohio 44035

Dear Ms. Davis:

On November 26, 2001, the United States Environmental Protection Agency (U.S. EPA) issued a General Notice and Information Request to P&K Oil Service pursuant to the Federal Superfund law Section 104(e) of the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA) as amended, 42 U.S.C. § 9604(e). This General Notice and Information Request was delivered to you by certified mail. The Information Request required that P&K Oil provide certain documents and information within 30 days of your receipt of the letter. A copy of the updated General Notice and Information Request letter is enclosed.

Although the deadline has passed, U.S. EPA still has not received any response from P&K Oil to its Information Request. To assist U.S. EPA in gathering information about contamination at the Chemical Recovery Systems, Inc., Site, P&K Oil must provide a complete response to the General Notice and Information Request within **10 days** of your receipt of this letter.

If you have not responded to the Information Request because P&K Oil is concerned that its responses may contain information that it considers *confidential*, **please be advised that P&K Oil cannot withhold information or records upon that basis.** Please refer to Enclosure 5 of the enclosed General Notice and Information Request letter to assert a business confidentiality claim.

Continued failure to comply with U.S. EPA's Information Request, or to adequately justify such failure to respond, may subject P&K Oil to enforcement action seeking to compel compliance and collect penalties of up to \$27,500 per day of noncompliance pursuant to Section 104(e)(5) of CERCLA, 42 U.S.C. § 9604(e)(5). U.S. EPA has the authority to use the information requested herein in an administrative, civil, or criminal action.

Send your response to the information request to:

Deena Sheppard-Johnson  
Enforcement Specialist  
U.S. Environmental Protection Agency  
Remedial Enforcement Support Section  
77 West Jackson Boulevard SR-6J  
Chicago, IL 60604-3590

Please contact Deena Sheppard-Johnson, Enforcement Specialist, at (312) 886-7048 if you have questions regarding this matter.

Sincerely yours,

Margaret Herring, Acting Chief  
Remedial Enforcement Support Section

cc: P&K Oil

Enclosure: General Notice and Information Request Letter of, October 9, 2003
